Empathy Map

Date	29 September 2026	**TeamID**	***SWTID-2026-5113***
Project Name	LegalEase	**Maximum Marks**	4 Marks

Create an empathy map to understand the customer/user from four perspectives — what they **Say, Think, Do, and Feel** — in relation to the problem addressed by LegalEase.

SAYS	***THINKS***
• "Legal documents are difficult to create." • "I need a document quickly." • "I want the document to be editable and downloadable."	• Legal language may be confusing. • A professional format is important. • I want my information to be handled securely.
DOES	***FEELS***
• Enters document type, parties, terms and dates. • Generates and reviews the document. • Edits and downloads it as TXT, DOCX or PDF.	• Confused by complex legal wording. • Concerned about accuracy and formatting. • More confident when the document is clear and editable.

PERSONA
Name: LegalEase User **Role / User Type:** Entrepreneur / Professional / Individual who needs a legal document without a legal background

Source basis: LegalEase generates customizable legal documents such as employment contracts, NDAs and lease agreements, with editable previews and TXT/DOCX/PDF export.
