Define Problem Statements (Customer Problem Statement Template)

Create a problem statement to understand your customer's point of view. The customer problem statement helps focus on the customer's challenges and needs.

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	An entrepreneur, professional, or individual without a legal background.	Create a reliable, customizable legal document such as a lease agreement, NDA, employment contract, or other agreement.	Creating and understanding legal documents can involve complex legal language, formatting, editing, and customization.	I may not have legal expertise and may need a simpler way to generate, edit, format, and export a professional legal document.	Uncertain and concerned about creating a properly formatted legal document.

Project Alignment: LegalEase addresses this problem by providing customizable and editable AI-powered legal-document templates, previews, and export options to PDF, DOCX, and TXT, supporting users without a legal background.
